A Message from the Most Excellent Grand High Priest

Companions,

The Grand Holy Royal Arch Chapter Officers look forward to welcome you to the June Communication at the Greater Pittsburgh Masonic Center.

The Quarterly Communication should be brief as we review the transactions of our Grand Chapter since the last Communication. We will not have a Banquet after the Communication because of the cost, convenience, and participation at the summer Quarterly Communication. This will also allow the members to get an early start on their journey home instead of waiting for a banquet to begin. We will provide a lunch at the Masonic Center before the meeting at 12 noon for everyone. This will also serve as a social hour for our members to renew old friendships.

The enthusiasm and interest in Royal Arch Masonry has been increasing and we see more Chapters planning on conferring degrees. The Most Excellent High Priest and Secretaries of the Chapters are becoming more proficient in their duties and leadership responsibilities. Ritual in the Chapters has become a priority and it is apparent during the Grand Officers visits. We appreciate all the work and efforts you do for your Chapters. Our measure of accomplishment is a direct result of what you do.

We will have another opportunity to assist the Grand Lodge and provide information to new Master Masons during the One Day Class planned at various locations on September 23, 2017. Plan now to participate and be prepared to discuss Royal Arch Masonry to potential members. DVDs will be provided to be given to those members.

We have been updating our Web page and other social media communications and we will update the forms as soon as possible to be more users friendly. Our transition to the Grand Lodge Membership computer system is progressing but has taken longer than anticipated because of our previous system limitations and correcting membership data to be compatible with the new system. We are excited about the change and are confident that the Chapters will welcome the capability the system will provide.

We continue to follow our long range plans which define our ultimate goals which we always update and change when necessary to keep the Grand Chapter interest and more especially the Subordinate Chapters interest upmost in our endeavors.

Again I look forward to seeing everyone at our Communication and I want to thank all Companions for your continued dedication to Royal Arch Masonry and the courtesy which has been extended to me during my Official Visits and over the first quarter of my term as Most Excellent High Priest.

Sincerely & Fraternaly,
George F. Morrow
